

April 9th 2017
Palm Sunday

We started our last Service in the old church, then walked along to complete the Service in the new church. (See pictures under 'Photos' in Menu to left.)

It'll take a while to move various items from the old church to the new and, in particular, to set up the new A.V. system. In the mean-time we're doing quite well with a borrowed sound system.

Apart from having a new church we now have the Stirling Hall back, so all our previous activities can restart. Keep an eye on the Intimations.
